## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election without traverse of Group I (claims 1-11) in the reply filed on October 14, 2004 is acknowledged.
2. Claims 17-20 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on October 14, 2004.

### ***Claim Objections***

3. Claims 1-16 are objected to because of the following informalities. Appropriate correction is required.

In claim 1, line 7, the phrase "the substrate" is not clear since as stated in line 6 of the claim, there can be one or more substrates. Hence, if there is more than one substrate, the phrase "the substrate" does not reflect on this situation. Please clarify.

In claim 2, line 3, the phrase "the substrate" needs clarification for the same reasons as set forth for claim 1.

In claim 6, line 3, the phrase "the substrate" needs clarification for the same reasons as set forth for claim 1.

In claim 7, line 10, the phrase "the a" should be changed to – a --.

In claim 15, line 5, the phrase "the longer and a shorter portion" is not clear on its meaning. Is this suppose to be read as -- the longer and shorter portions --?
